Corporate Profile & Subsidiary Catalog — building
sustainable partnerships across global industries.

CORPORATE PROFILE · 2026

About Dornico Group

Connecting global resources, creating sustainable ecosystems.

Established in 2020, Dornico Group is a highly diversified, forward-looking holding company specializing in international trade, industrial supply development, and strategic investments. Rather than a conventional trading entity, Dornico operates as a unified corporate family driven by shared expertise and innovation.

Through a network of specialized subsidiaries, the Group integrates global sourcing, sophisticated logistics, and agile financial services — connecting manufacturers, suppliers, and industrial consumers worldwide, and transforming supply chain complexity into reliable, long-term economic opportunity.

ESTABLISHED

2020

HEADQUARTERS

Iran, with operational networks across Turkey, the UAE, China & Europe

CORE SPHERES

Industrial Raw Materials · Specialized Equipment · Medical Tech · Petrochemicals · Metals · Logistics

Vision & Mission

VISION

"To become the Middle East's most trusted and leading reference for the supply of industrial raw materials and specialized equipment — redefining the global supply chain through advanced technology and strategic collaboration."

MISSION

Delivering reliable, cost-effective, fully optimized supply chain solutions across global markets by:

- Rapid, high-quality sourcing — from raw materials to heavy machinery
- Mitigating cross-border risk through elite logistics & financial planning
- Growing the independence and market success of every subsidiary
- Building transparent partnerships across public and private sectors

Core Values

Six principles behind every deal, partnership, and business we build.

01

Honesty & Transparency

Open communication and absolute integrity with investors, partners, and employees.

02

Excellence & Professionalism

The highest international standards, backed by deep technical and managerial expertise.

03

Innovation & Creativity

Continuously refining commercial processes to maintain a competitive edge.

04

Collaboration & Synergy

Collective intelligence and integrated group dynamics yield superior outcomes.

05

Customer-Centricity

Precise, customized supply solutions built around each client's constraints.

06

Sustainability

Ethical trading that protects communities and minimizes environmental impact.

The Group at a Glance

Seven specialized companies, plus two internal engines — one integrated ecosystem.

2006

APAD
Industrial equipment, marine/power parts & HSE safety solutions.

2017

DornicoAseman
Aviation supply chain — certified components & MRO logistics.

2020

DornicoChem

Petrochemicals, polymers & industrial chemical sourcing.

2018

DornicoFelez
Metals, ferroalloys & mining supply chains, ore to finished metal.

2021

Dornicozi
Precision dental implant systems & clinical consumables.

2023

Kimia Zar Tamin
Reagents & secure logistics for gold mining operations.

2022

Nikou Zi Darman
Pharmaceutical raw materials & critical-care medicines.

Internal Engines

DTS & Dornico Fund

In-house business incubator and strategic investment arm, cultivating the Group's next generation of subsidiaries.

Equipment, Aviation & Chemicals

APAD

Est. 2006

Global Industrial Equipment & Safety

- Heavy port equipment — STS & RTG cranes, reach stackers
- HSE, firefighting & rescue technology, PPE

apadgroup.com

DornicoAseman

Est. 2017

Aviation Supply Chain & MRO

- Engines & APU components, full FAA/EASA traceability
- Avionics, flight control & landing gear systems
- 24/7 AOG support and express global dispatch

flydornico.com

DornicoChem

Est. 2020

Petrochemicals & Chemical Sourcing

- Glycols, amines, caustic soda & industrial polymers
- Urea, carbon black & methanol commodities
- Export drumming & multimodal trade logistics

Metals, Health & Mining

2018

Metals & Mining Supply

- Iron ore, DRI/HBI, steel slabs & billets
- Bauxite, alumina & aluminum semis
- Ferroalloys & graphite electrodes

dornicofelez.com

Dornicozi

2021

Dental Technologies

- Precision implant systems & abutments
- Surgical instruments & biomaterials
- Exclusive rep. of Medimecca (Korea)

dornicomed.com

Kimia Zar Tamin

2023

Mining Reagents

- High-purity Sodium Cyanide for gold extraction
- Mining-grade activated carbon
- High-security hazardous cargo logistics

Nikou Zi Darman

2022

Pharmaceutical Raw Materials

- APIs — antibiotics, cardiovascular, antidiabetic agents
- Anesthetic & critical-care injectables
- GMP audits & MOH product registration

Why Global Leaders Choose Dornico

One partner. Multi-industry solutions. Unlimited growth.

Direct Sourcing Ecosystem

Bypassing intermediaries through direct alliances with vetted global manufacturers.

End-to-End Logistics

Streamlined multimodal shipping and customs clearance that minimize downtime.

Elite Risk Mitigation

Regulatory compliance, quality inspection, and sophisticated risk assessment.

Financial Flexibility

Robust capital access and flexible international trade settlement structures.

Cross-Industry Resilience

Presence in metals, petrochemicals, aviation, healthcare, and mining shields partners from localized market volatility.

Building Sustainable Partnerships Across Global Industries

We invite forward-thinking enterprises, industrial operators,
and strategic investors to join us in shaping a more
connected, efficient, and innovative global market.
